OUTDOOR KITCHENS

A modern outdoor kitchen unit is positioned on a wooden deck. The unit features a built-in grill with a warming rack on top, four burners, and a sink with a faucet. To the left of the grill is a double-door refrigerator with glass doors, filled with various beverages. The unit is set against a backdrop of a vast ocean under a blue sky with scattered clouds. A large glass door on the right side of the frame provides a view into the interior of the house.
